STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2020**

Directors' Review on Operational Results for the Half Year
Ended June 30, 2020

Taking the opportunity on behalf of the Board of Directors, I am pleased to present the operational results of SME Bank for the half year ended June 30, 2020.

The economic downturn due to COVID – 19 have influenced adversely supply and demand chain in the country. That eventually reduced the business activities and repayment capacity in the country. As a result non-performing loans of the bank stood at Rs 513 million as on June 30, 2020 as compared to Rs 494 million of the same period of previous year.

The deposits of the bank were improved by Rs.429 million and stood at Rs 7,930 million as on June 30, 2020. The deposit of the bank as on December 31, 2019 was of Rs.7,501 million. Loan portfolio of the bank stood at Rs 1,875 million as on June 30, 2020 as compared to Rs 2,195 million on December 31, 2019. The bank made fresh disbursements of Rs 90.89 million during first six months of the year 2020. The disbursement for the corresponding period of year 2019 was Rs 82.17 million. Shortage of funds was remained a hurdle in building substantial level of loan portfolio. The bank's treasury investment portfolio stood at Rs 6,808 million by June 30, 2020, whereas it was of Rs 5,740 million as on December 31, 2019.

The bank is still managing its operations with a negative equity base of Rs (2,815.24) million as on June 30, 2020. The bank is being operated with a limited branch network of 13 branches. Budgetary allocations made by the government during financial years 2011-12 to 2014-2015 for equity injection could not be released. Subsequently in previous four financial budgets Government has not allocated any amount for the bank. Moreover, uncertainty with regard to the future of the bank continued to affect the performance of the bank.

The bank booked an operating net loss of Rs 608 million for first half of the year 2020 in corresponding period of year 2019 it was of Rs. 506 million. During the period under review, cost of funds of the bank was of Rs 620 million at average rate of 10.86% (2019: Rs 504 million at average rate of 9.73%). Administrative expenses were remained at the level of Rs.442 million.

The bank's gross mark-up/return income was Rs 423 million, which constitutes Rs 164 million from SME advances and Rs 259 million from treasury operations.

Government of Pakistan (GOP) decided in their meeting held on November 19, 2018 to relaunch the privatization transaction of the Bank through Privatization Commission (PC). CCOP approved the new privatization program of SME Bank Limited on March 06, 2019. The privatization program of SME Bank has been required to be completed by 30th June 2020 to

divest GOPs equity stake in the Bank along with management control to a strategic investor. Accordingly, PC recommended the transaction structure for the privatization of the Bank to Cabinet Committee on privatization (CCOP) who approved the referred transaction structure on November 15, 2019. Thereafter through a due process Invitation for expression of interest for acquisition of 93.88% shares of SME Bank Limited were advertised in NEWS Papers on December 13, 2019. Five prospective investors have submitted their Statement of Qualifications (SOQs) against the advertisement, which are being scrutinized at Privatization Commission.

M/S PACRA Limited rated the bank at “CCC”/”B” with negative outlook on November 22, 2018.

We would like to place on record, our thanks and appreciation to the staff for their commitment, dedication and endeavour to enhance business activities under the unfavourable circumstances of economic depression and liquidity crunch. We would also like to thank State Bank of Pakistan, Ministry of Finance and other regulatory authorities for their support and professional guidance.

INDEPENDENT AUDITORS' REVIEW REPORT

To the members of SME Bank Limited

Report on review of Unconsolidated Interim Financial Statements

Introduction

We have reviewed the accompanying unconsolidated condensed interim financial position of SME Bank Limited (the Bank) as at June 30, 2020 and the related unconsolidated condensed interim profit and loss account, unconsolidated condensed interim statement of comprehensive income, unconsolidated condensed interim cash flow statement and unconsolidated condensed interim statement of changes in equity and the notes to the unconsolidated condensed interim financial statements for the half year then ended (here-in-after referred to as the "financial statements"). Management is responsible for the preparation and presentation of these financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these financial statements based on our review. The figures of the unconsolidated condensed interim profit and loss account and the unconsolidated condensed interim statement of comprehensive income for the three months ended June 30, 2020 and June 30, 2020 have not been reviewed, as we are required to review only the cumulative figures for the half year ended June 30, 2020.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

Based on information provided to us by management:

- a) The Bank has investment in its subsidiary, SME Leasing Limited (SMEL), which is carried in these financial statements at Rs. 80.748 million (net of provision) and has an outstanding running finance exposure of Rs. 149.644 million (including markup) at the balance sheet date. SMEL continues to operate on a net loss basis and therefore the recoverability of investment and running finance exposure appears doubtful of recovery. Accordingly, we are unable to determine the extent of impairment that might be necessary to be recorded against the current carrying values of investment and running finance and its possible effect on accumulated losses of the Bank;
- b) Deferred tax asset of Rs. 817.402 million has been recognized on the basis of expected net profits arising from future privatization of the Bank as described in Note 13 to the financial statements which we have not been able to verify. Advance income tax (Note 13) includes refunds aggregating to Rs. 232.599 million for tax years 2003 and 2004. These refunds were recorded on the basis of an order of the Appellate Tribunal Inland Revenue dated February 10, 2011 whereby provision for doubtful debts was allowed to be taken as a deductible expense. The issue of allowing provision for doubtful debts as an expense, in the case of another bank, was successfully challenged by tax

department in the Islamabad High Court. The high court rules in favor of the tax department through its order dated March 13, 2018 which has also been upheld by the Supreme Court of Pakistan through its order dated June 05, 2018 due to which the Bank has no legal basis to continue to recognize the receivable as an asset; and

- c) As explained in note 10.2, the loan portfolios of Small Business Finance Corporation (SBFC) and Regional Development Finance Corporation (RDFC) transferred to National Bank of Pakistan together with collection rights under an agreement dated February 23, 2019 continue to appear in the books of the Bank. However, as per the terms of the referred agreement the Bank has no legal rights over these portfolios classified as assets of the Bank.

Qualified Conclusion

Based on our review, except for the possible effects of the matters described in paragraphs 'a', 'b' and 'c' above, nothing has come to our attention that causes us to believe that the accompanying financial statements are not prepared, in all material respects, in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Material uncertainties relating to Going Concern

We draw attention to note 6.2 to the financial statements which describes that during the current period, the Bank incurred a net loss of Rs. 607.608 million (June 30, 2019: Rs.506.305 million) resulting into accumulated losses of Rs. 5,418.770 million (December 31, 2019: Rs. 4,811.162 million). As of June 30, 2020, the reporting date, the total liabilities of the Bank have exceeded its total assets by Rs. 2,815.236 million (December 31, 2019: Rs 2,512.445 million) indicating the negative equity and due to surplus of current demand liabilities over its total unencumbered current liquid assets creating a negative working capital of Rs. 5.657 billion (2019: Rs. 5.854 billion) which indicates the Bank's inadequate capacity to ensure the timely repayments. Due to cash inadequacy the Bank was unable to meet the statutory solvency requirements of minimum capital (MCR) of Rs. 10,000 million and the Capital Adequacy Ratio (CAR) of 10%. Due to continued stressed financial conditions the Bank's credit rating fell from B negative (single B-) to CCC. Based on the operational results SBP granted exemption from meeting the MCR and CAR up to December 31, 2019 or restructuring/privatization, whichever is earlier, subject to submission of a concrete plan from the Ministry of Finance (MoF) to provide a firm commitment to inject the required amount of capital funds in the Bank, if its privatization does not materialize by March 31, 2020. As stated in note 6.2, these conditions indicate the existence of a material uncertainty that may cast significant doubt on the Bank's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Emphasis of Matter

We draw attention to note 14.3 to the financial statements, which describes in detail the status of possession of the Bank's property located in Lahore. Our opinion is not modified in respect of this matter.

The engagement partner on the audit resulting in this independent auditor's report is Hassaan Riaz.

Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 or the directives issued by the SBP and the SECP differ with the requirements of IAS 34, the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives, shall prevail.

The SBP vide BSD Circular No. 10 dated August 26, 2002 has deferred the applicability of International Accounting Standard 39, "Financial Instruments: Recognition and Measurement" (IAS 39) (before its replacement by IFRS -9), International Accounting Standard 40, "Investment Property" (IAS 40), for banking companies till further instructions. Further, according to the notification of SECP dated April 28, 2008, the International Financial Reporting Standard 7, "Financial Instruments: Disclosure" (IFRS 7), has not been made applicable for banks in Pakistan. Accordingly, the requirements of these standards have not been considered in the preparation of these interim unconsolidated financial statements. Accordingly, investments have been classified and valued in accordance with the requirements prescribed by the SBP through various circulars. As per SBP's BPRD Circular Letter No. 4 dated October 23, 2019, the applicability of IFRS 9 to banks in Pakistan has been deferred to accounting periods beginning on or after January 1, 2021.

SECP vide its notification SRO 633 (I)/2014 dated July 10, 2014, adopted IFRS-10, Consolidated Financial Statements, effective from the periods starting from June 30, 2014. However, vide its notification SRO 56(I)/2016 dated January 28, 2016, it has been notified that the requirements of IFRS-10 and section 228 of the Companies Act, 2017 will not be applicable with respect to the investment in mutual funds established under trust structure.

4. BASIS OF MEASUREMENT

The unconsolidated condensed interim financial statements have been prepared under the historical cost convention as modified for certain investments which are carried at fair value, obligations in respect of defined benefit schemes and lease liability under IFRS 16 at their present values.

5. SIGNIFICANT ACCOUNTING POLICIES, ESTIMATES AND JUDGEMENTS AND FINANCIAL RISK MANAGEMENT POLICIES

5.1 Significant accounting policies, estimates and judgements

The accounting policies, underlying estimates and judgements and method of computation followed in the preparation of these condensed interim unconsolidated financial statements are same as those applied in preparing the financial statements of the Bank for the year ended December 31, 2019. The disclosures made in these unconsolidated condensed interim financial statements are limited based on the format prescribed by SBP vide BPRD Circular Letter No. 5 dated March 22, 2019 and IAS 34 and, therefore, should be read in conjunction with the unconsolidated financial statements of the Bank for the year ended December 31, 2019.

5.2 Financial Risk Management

The financial risk management objectives and policies adopted by the Bank are consistent with those disclosed in the financial statements for the year ended December 31, 2019.

COVID-19 pandemic and the measures to reduce its spread have significantly impacted the world's economies including Pakistan. Regulators and governments across the globe have introduced fiscal and economic stimulus measures to mitigate its impact. SBP has also responded to the crisis by reducing the policy rate by 225 basis points to 11% in March 2020, 200 basis points to 9% on April 16, 2020, 100 basis points to 8% on May 15, 2020 and by another 100 basis points to 7% on June 25, 2020. Besides above, other regulatory measures have been announced by the SBP to support business and economic activity which include the following:

af

- Allowing banks to defer borrowers' principal loan payments by one year;
- Relaxing regulatory criteria for restructured/rescheduled loans for borrowers who require relief on account of principal repayment exceeding one year and/or mark-up;
- Relaxing the debt burden ratio for consumer loans from 50% to 60%;
- Reduction in capital conservation buffer by 100 basis points to 1.5%;
- Increasing the regulatory limit on extension of credit to SMEs to Rs.180 million;
- Providing concessionary refinance facilities to Hospitals for financing equipment;
- control unemployment, offered refinance facilities to customers for meeting their salary expense; and
- Besides, various other steps have been announced to dampen the effects of Covid-19.

COVID-19 is likely to impact banks in Pakistan on many fronts including significant increase in overall credit risk and contraction of fee income due to overall slowdown in economic activity. The risk management function of the Bank is regularly conducting assessments to identify borrowers operating in various economic sectors which are most likely to get adversely affected. The Bank has further strengthened its credit review mechanism in the light of COVID-19. Nonetheless, the outbreak is expected to have an impact on the macro-economic environment which in turn affect the repayment behavior of the Bank borrowers in short to medium term. The situation is being closely monitored and due measures are being taken to mitigate the risk of potential defaults. Overall, the COVID-19 situation remains fluid and is rapidly evolving which makes it challenging to reliably determine the impacts. Certain borrowers of the Bank have availed the SBP enabled deferment scheme upto the sum of Rs: 96.077 million which will impact their maturity profile. The management of the Bank is continuously monitoring the liquidity position of the Bank and is confident that the liquidity buffer currently maintained by the Bank is sufficient to cater any adverse movement in cash flow maturity profile.

6. FINANCIAL RESTRUCTURING AND GOING CONCERN ASSUMPTION

6.1 Current status of privatization of SME Bank

Government of Pakistan (GOP) decided in their meeting held on November 19, 2018 to relaunch the privatization transaction of the Bank through Privatization Commission (PC). Cabinet Committee on Privatization (CCOP) approved the new privatization program of the Bank on March 06, 2019. The privatization program of the Bank has been required to be completed by 30th June 2020 to divest GOPs equity stake in the Bank along with management control to a strategic investor. Accordingly, PC recommended the transaction structure for the privatization of the Bank to CCOP who approved the referred transaction structure on November 15, 2019. Thereafter through a due process invitation for expression of interest for acquisition of 93.88% shares of the Bank were advertised in news papers on December 13, 2019. The last date for submission of EOIs and Statement of Qualifications (SOQs) was February 28, 2020. Five prospective investors have submitted their SOQs against the advertisement, out of that four have been cleared by SBP. Privatization Commission has opened data room for the prospective buyers and the buyers side due diligence of is in progress.

6.2 Going concern assumption and minimum capital requirement

During the current period, the Bank incurred a net loss of Rs. 607.608 million (June 30, 2019: Rs. 506.305 million) resulting into accumulated losses of Rs. 5,418.770 million (December 31, 2019: Rs. 4,811.162 million). As of June 30, 2020, the reporting date, the total liabilities of the Bank have exceeded its total assets by Rs. 2,815.236 million (December 31, 2019: Rs. 2,512.445 million) indicating the complete erosion of the Bank's equity, which indicates the Bank's inadequate capacity to ensure the timely repayments. Due to above conditions, the Bank was unable to meet the statutory solvency requirements of minimum capital (MCR) of Rs. 10,000 million and the Capital Adequacy Ratio (CAR) of 10%. As of current the balance sheet date the capital shortfall as against the MCR was Rs. 12,819.737 million (December 31, 2019: Rs. 12,212.129 million) whereas CAR stood at negative 89.46%. Due to continued stressed financial conditions the Bank's credit rating fell from B negative (single B-) to CCC. Based on the operational results SBP granted exemption from meeting the MCR and CAR up to December 31, 2019 or restructuring/privatization, whichever is earlier, subject to submission of a concrete plan from the Ministry of Finance (MoF) to provide a firm commitment to inject the required amount of capital funds in the Bank, if its privatization does not materialize by March 31, 2020. Based on the operational results SBP has granted exemption from meeting the MCR and CAR till December 31, 2019 or restructuring/privatization, whichever is earlier, subject to the submission of a concrete plan from the Ministry of Finance (MoF) to provide a firm commitment to inject the required amount of capital funds in the Bank, if its privatization does not materialize by March 31, 2020. These conditions indicate the existence of material uncertainty that may cast a significant doubt on the Bank's ability to continue as going concern and therefore it may not be able to realize its assets and discharge its liabilities in the ordinary course of business. To overcome the above, the Government of Pakistan (GoP) being the majority shareholder with 93.88% shareholding in the Bank has already initiated the process of privatization of the Bank. MoF through its letter No. F.3(27)IF-III/2005-185 dated February 26, 2020 has informed SBP that the privatization process is likely to be completed within the period of three to four months and requested SBP for extension of relaxation of regulatory requirements till June 30, 2020. Thereafter, the Bank vide its letter No. SMEBL: HO: CFO&CS: 2020/1433/2617 dated July 09, 2020 has requested SBP to allow exemption from MCR till December 31, 2020 or privatization of the Bank whichever is earlier. MoF and management of the Bank are hopeful of a favorable response as SBP has not objected the non-compliance of MCR. The process of privatization is at the advance stage as five prospective investors have submitted their Statement of Qualifications (SOQs), out of that four have been cleared by SBP and the buyers side due diligence is in progress. In view of above the management of the Bank strongly believes that the privatization of the Bank shall be completed soon and will result into injection of fresh equity enabling the Bank to expand and finance its operations while MoF is committed to provide all necessary financial assistance to the Bank to support its operations. In view of above the management of the Bank believes that the use of going concern assumption in preparation of these condensed interim unconsolidated financial statements is appropriate and, therefore, have prepared the same on a going concern basis.

10.2 Assignment of Non-Performing Loan (NPL) portfolios of defunct SBFC & RDFC to National Bank of Pakistan (NBP)

The Board through its resolution by circular No.10/circ/33 dated March 08, 2010 duly endorsed by the members in their meeting dated May 20, 2010 has approved the transfer and assignment of fully non-performing loan portfolios of defunct SBFC & RDFC to NBP on the basis of deferred transfer price. Subsequently transfer and assignment agreement was executed between the Bank and National Bank of Pakistan at Karachi on July 01, 2010 (Effective date). According to the agreement, the transferor (SME) and the acquirer (NBP) acknowledge, declare and confirm the transfer, assignment and vesting of all rights, interests, privileges, title, powers and remedies in favor of the acquirer with respect to:

df

SME BANK LIMITED

Notes to the Unconsolidated Condensed Interim Financial Statements (un-audited)

For the half year ended June 30, 2020

- a) the non-performing loans, collateral and the debtors;
- b) all agreements, deeds, instruments and other documents relating to the non-performing loans, debtors and collateral and to which the transferor is, or legally deemed to be, a party or a beneficiary;
- c) all legal proceedings by and against the transferor with respect to the non-performing loans, the debtors and collateral, which may be pending before any court, tribunal, arbitrator or authority, without being subject to any liabilities of the transferor to any person.

The agreed transfer price was amount equal to 50% of net recoveries.

Under the above referred arrangements, portfolio of defunct SBFC & RDFC outstanding as on June 30, 2010 (Except outstanding loans of RDFC where facility of Equity Participation Fund had also been extended) were transferred to NBP.

On request of the Bank's management the decision to transfer and assignment of the portfolio was revisited by the BoD in its 65th meeting held on July 13, 2011 and resolved that the agreement of assignment of the old portfolio to NBP should be cancelled and Board's pronouncement for revocation of agreement to Ministry of Finance to arrange retrieval/restoration of old portfolio to the Bank in the interest of recovery of public funds.

In the meeting held on March 04, 2013 the Board of Directors reconsidered the position taken earlier on this matter on grounds of related cost of recovery and infrastructure on request of then management and decided that since the Bank is still on the privatization list, BoD would be able to decide on portfolio after Bank's delisting from privatization.

The incumbent Management has again reviewed the situation and noted that no comparative analysis/study pertaining to transfer of portfolio was conducted which could justify the decision of assigning old portfolio to NBP.

In view of the above, foregoing Board was requested in its 83rd meeting, held on August 30, 2014 and the management of the Bank was allowed to proceed further in pursuance of resolution / direction passed regarding the subject matter in 64th and 65th Meeting of the Board of Directors held on May 16, 2011 and July 13, 2011 respectively by overruling to verdict of the Board of Directors given on the issue in 75th Meeting of Board of Directors held on March 04, 2013.

Cabinet Committee on Privatization (CCOP) in its meeting held on January 27, 2017 has approved the transaction structure of the Bank's privatization. The transaction structure has excluded the above portfolios from the privatization transaction and the CCOP in above referred meeting has directed the Bank to transfer the said portfolios to NBP and that all recoveries made by NBP from the loan portfolio shall be deposited in the Federal Consolidated Fund (FCF), a related party as being managed by Ministry of Finance (MoF).

Pursuant to above, being directed by MoF the management of the Bank has obtained an independent legal advice for defining the legal procedures for the implementation of the requirement of MoF. The legal advice proposed that the Bank may via a tri party novation agreement between SME, NBP and GoP through MoF, transfer and surrender any rights, obligations and liabilities on the remaining receivable assets in the loan portfolio to FCF against any consideration amount. The Novation agreement will further allow for any recoveries made by NBP in relation to the loan portfolio to be deposited directly in FCF as the recoveries will no longer be an asset of the Bank.

Notes to the Unconsolidated Condensed Interim Financial Statements (un-audited)
For the half year ended June 30, 2020

In line with the steps proposed by the legal advisor the board of directors of the Bank in its meeting held on December 31, 2017 has approved the transfer of fully non-performing loan portfolios of defunct SBFC & RDFC to MoF and NBP via a tri party novation agreement between SME, NBP and GoP through MoF at a value of Rs.100 as a sale consideration. Thereafter, the shareholders of the Bank in their meeting held on January 22, 2018 through their special resolution have also authorized the transfer of the portfolios as approved by the board of directors of the Bank, however, the Allied Bank Limited carrying 0.33% holding in the Bank has opposed the resolution and required the sale of the portfolio at a fair market value (FMV). According to above majority decision of the shareholders both the portfolios have been transferred to the FCF and NBP against an aggregate sale consideration of Rs. 100 under a tri-party agreement (the Agreement) executed on February 23, 2018 between the Bank, NBP and FCF. As of the date of the tri-party Agreement the Bank has transferred and surrendered all the recoveries, rights, obligation, claims and liabilities of the referred loan portfolios in favor of the FCF.

The management of the Bank continues to show these loan portfolios in its book of accounts pending confirmation of recording by NBP in its books of accounts to ensure that the above loans are duly accounted by NBP in compliance to the terms of the agreement dated Feb 23, 2018. The Bank has requested with various intervals to share the details of the road map prepared by NBP for smooth transfer of accounting record related to the legacy loan portfolio from books of the Bank to books of NBP but NBP did not respond.

- 13.1** The Bank has recognized the deferred tax asset which represents management's best estimate of the probable benefits expected to be realized in future years in the form of reduced tax liability as the Bank would be able to set off the profits earned in those years against losses carried forward. The underlying assumption for recognition of deferred tax asset is the expected privatization of the Bank which would result in fresh equity injection from the new strategic shareholder of the Bank and, in view of above, the management of the Bank believes that it is probable that the Bank will be able to achieve the profits and, consequently, the deferred tax assets will be fully realized in future.

| 14.2 | This include the effect of refunds aggregating to Rs. 232.599 million due from government. In respect of tax years 2003 and 2004 the tax authorities disallowed the Bank's claims for provisions for bad debts and SBP's share in profits of the Bank. Subsequently, the Appellate Tribunal Inland Revenue (ATIR) through its order dated February 10, 2011 has ruled in favor of the Bank which results in creation of refunds of Rs. 80.059 million and Rs. 152.54 million for tax years 2003 and 2004 respectively. Thereafter, against the referred judgement of ATIR the tax authorities filed references before the Islamabad High Court which are pending adjudication to date. The management of the Bank is of the firm view that the Bank will be successful in the said references. | | |
| 14.3 | This include Rs. 138.6 million being the successful bid made by SME Bank for acquiring Bungalow No. 45, Block-C/3, Gulberg III, Lahore (the Property) mortgaged with the Bank as a security in a defaulted loan and Rs. 8.47 million pertaining stamps/stamps duties for registration of sale certificate issued by the High Court to SME Bank/Auction Purchaser of the Property. The auction was carried out on 30 June 2015 and subsequently the Honorable Lahore High Court through its decision dated 14 July 2015 allowed the Bank to adjust the bid price against its outstanding dues from the borrower against the finance facilities extended to the borrower, suspended mark-up and cost of funds. Thereafter the auction was also confirmed by the High Court on April 19, 2016 after hearing objection raised by the counter party. The sale certificate was issued by the High Court on June 30, 2016 and the same has been registered with concerned registrar on July 28, 2016. On November 24, 2016, ownership of the Property in record of Excise and Taxation Department has been transferred in name of SME Bank Ltd. The Bank applied for possession of the acquired Property, which has been accepted by the court after hearing both the parties. The court has repeatedly issued orders to bailiff for taking possession of the Property to handover the Bank, however, due to non- availability of police force to the bailiff, the possession of the Property could not be handed over to the Bank. On 24 June 2019 the sponsor of the case was died and thereafter on 20 August 2019 the legal heirs of the judgement debtor submitted an objection petition for release of the Property which is already auctioned and purchased by the Bank through an open auction. During argument the request of the legal heirs has been turned down by the honorable judge as the transaction is past and closed and advised the council to discuss only the issue of remaining cost of funds. The next date of hearing of the case is fixed on 11 September 2020. As per latest valuation report dated Dec 31, 2019, the market value of the Property was Rs. 224.368 million. | | |

31 FAIR VALUE OF FINANCIAL INSTRUMENTS

The fair value of quoted securities other than those classified as held to maturity, is based on quoted market price. Quoted securities classified as held to maturity as carried at cost. The fair value of unquoted equity securities, other than investments in associates and subsidiaries, is determined on the basis of the break-up value of these investments as per their latest available audited financial statements.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values. Since these are either short term in nature or, in the case of deposits, are frequently pre-priced.

The bank measures fair values using the following fair values hierarchy that reflects the significance of the inputs used in making the measurements.

Level 1: Fair value measurement using quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within level 1 that are observable for asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using inputs for the assets and liabilities that are not based on observable market data (i.e. unobservable inputs).

31.2 The Bank has not disclosed the fair value for these financial assets and liabilities, as these are for short term and or re-priced over short term. Therefore their carrying amounts are reasonable approximation of fair value.

31.3 The Bank's policy is to recognise transfer into and out of the different fair value hierarchy levels at the date, the event or change in circumstances, that caused the transfer occurred. There were no transfers between level 1 and level 2 during the year.

31.4 Valuation techniques and inputs used in determination of fair values within level 1

Fully paid-up ordinary shares

Fair values of investments in listed equity securities are valued on the basis of closing quoted market prices available at the Pakistan Stock Exchange.

Valuation techniques and inputs used in determination of fair values within level 2

Pakistan Investment Bonds / Market Treasury Bills

Fair values of Pakistan Investment Bonds and Treasury Bills are derived using the PKRV rates (Reuters page).
